

Creating Futures is a non-profit and non-government organization primarily focusing on the IT & ITES sector. It aims to create employment opportunities for the educated rural and urban youth by employing them and providing them with real-life experiences, as well as training them in various skills to make them highly capable corporate-ready resources.

## Quarterly Updates

- Creating Futures successfully completed a 3 month Life Skills program at Bosco Mane. A BIG thank you to all the trainers and volunteers. The feedback has been very positive and we are planning for the next Life Skills program at Bosco Mane starting October. We are looking for volunteers who can take the sessions.

- Extremely delighted to inform that one more of our interns, **Poornima** has landed a job with a major IT company, Software AG as a Software Developer. Congratulations to her and to **Sarath** who was her mentor.
- We are in the process of consolidating our Volunteer Database. Needless to say, we are in need of volunteers to train and mentor the students.

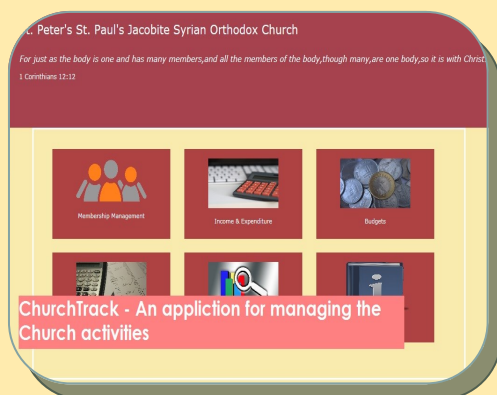

## Heal the World @ Saama

A cultural event was held by Saama in aid of Creating Futures. The event was titled "Heal the World" and the objective was to bring various talents together. It was indeed a night of fun. Thank you **Saama** and **Sandhya** for using this platform to promote Creating Futures and to highlight our work. Delighted to be your partner.

## Quarterly Updates

- As mentioned in our last newsletter, we have got the opportunity to work on a project to develop a software application for a church. We have successfully released the 1<sup>st</sup> version of this. Congratulations to the interns who have worked on this.

- A flyer and a banner for Creating Futures was designed and printed. Thanks to **Clement** for designing these in a very short spell of time.
- Internship sessions have been progressing well and the interns are in various stages of learning and a BIG thank you to **Sarath** again for being their mentor.
- We are enhancing our Life Skills training content and a team of 3 volunteers are part of this exercise. This activity includes : creating the training design document, training presentation, trainer notes and the flow of the training session. Thank you **Nidhi**, **Tenny** and **Apoorvi** for driving this.

## Thank you, iVolunteer

We depend on volunteers to drive our initiatives and get like minded people through friends, families and through word of mouth publicity that you spread . Apart from this, we have partnered with **iVolunteer** which supports us with volunteers for our projects. We would like to thank and acknowledge **iVolunteer**, **Kareena** and **all the volunteers** who have supported us and continue to support .

We really appreciate your involvement.

## Testimonial

### Narmada

Narmada is an engineering graduate who completed her course in 2015 and then joined the Creating Futures Internship Program in June 2015.

With us, she is being mentored by Sarath and is working on MySQL, PHP and JS. She says that it was initially quite a difficult task but now she is confident that she can manage.

She would like to express her gratitude to Creating Futures and especially to Sarath.

## Roopa Rajkumar

Mrs. Roopa Rajkumar recently joined us as a Manager. Roopa is a tutor and she coaches students on various subjects. It's her passion to interact with students and help them understand the subject efficiently.

With us her primary responsibility is to interact with volunteers and interns. She enjoys interacting with people because she believes she can empower them through these interactions and Creating Futures has provided her with just the right platform for this. Her motto is to *Interact, Enable and Empower people*.

We welcome her and hope she enjoys her association with us.

## Introduction
